EVERY CALL ANSWERED. EVERY JOB CAPTURED.

CallTwin is a 24/7 AI receptionist built for contractors and local service businesses. It answers your calls, texts and website chat, collects the customer's name, number, address and the work they need, and sends the job straight to your phone. You stay on the job site. CallTwin works the front desk.

HOW IT WORKS

FROM RING TO BOOKED JOB

01

CUSTOMER REACHES OUT

By phone, text, or the chat box on your website, any hour of the day.

02

CALLTWIN RESPONDS

A professional, short intake. No long scripts, no customer left on hold.

03

JOB DETAILS CAPTURED

Name, number, address and the service needed, organized automatically.

04

YOU GET THE ALERT

Instant job alert by text and email, so you call back and close it.

WHAT'S INCLUDED

- **Live website chat** that answers questions and captures leads
- **Text and email job alerts** to the owner, instantly
- **Voicemail details** with caller name, number, address and service
- **Works with your existing website** or a new one we build
- **Simple to run** — built for owners, not tech teams
- **Local setup and support** from a NJ-based team
